

FOX TROT BY A LEAP, SLIDE AND TWINKLE

American Dancing Masters Adopt
New Standards—Also Provide
"Modern Waltz."

Special Dispatch to The Star.

NEW YORK, September 14.—"They" will kindly note that their egotistical folderols are officially passe. It won't be done the next session of the congress of American dancing masters about Christmas time—and probably never again.

One may fox-trot with a little leap, slide and twinkle; one-step with a pretty in-and-out cross step and glide, or waltz in the modern way, which is an entirely new combination of old and new.

The congress of American dancers, after wrangling for an entire day trying to reach some decision, made a tour of the prominent ballrooms of the city in twos and threes. No two of the well known "they" danced the same way, the dancing masters discovered, and the distressing disparity brought all the delegates together to do some standardizing in earnest.

Announce the Standards.

Here are the standards until the next meeting December 28: Fox-trot, congress, one-step and modern waltz. Besides, the complicated tango will be retained. The synchronized waltz will be retained, as well as the hesitation waltz, but the first three will be vogue for all.

Forty delegates, representing eight societies and approximately 3,000 dancing teachers, decided that and agreed to teach accordingly throughout the country. The standardization was made in the city of New York, where the dances were being taught in different ways.

The new fox-trot will be slower than the old. One will commence the fox-trot with a slow one-step movement, gradually inclining in a loop side, which is really part of the waltz, and if one is proficient enough in the graceful art, occasionally "twinkle." The waltz once belonged to the one-step exclusively.

"Beautiful Combination."

The "modern waltz" is said to be a very beautiful combination of slow walking steps, a waltz center and the old-fashioned waltz. It seems the old waltz has too many turns and was too tedious. But the modern waltz is absolutely new two-thirds of the way. The congress one-step is the familiar dance one knows with new variations and interpolations. The progressive turn is retained. Also one requires the in-and-out stepping across which once was vogue and is now coming back.

The tango will not be dropped this season, but will be simplified for those who want it.

SPEAKER CLARK OBJECTS TO "PEACE AT ANY PRICE"

HANNIBAL, Mo., September 14.—Speaker Clark in an address here said that "like every other American with common sense" he was opposed to "peace at any price." On the other hand, he said, he also was against "bankrupting the country to build battleships and maintain armies."

"I am in favor of reasonable preparedness," Speaker Clark continued. "In the event of a war we could get sufficient volunteers in four months, but we do need officers. To provide them double the number of cadets at West Point and Annapolis. Put the surplus of them in command of ships that will cross the seas for the American flag."

"At one time the American marine was the greatest on the seas. The administration is determined to have such a marine again and if the rest of the country acts sensibly we shall have it."

TO TEST ALIEN LABOR LAW.

Supreme Court Will Pass on Constitutionality of Arizona Statute.

The constitutionality of the Arizona alien labor law is to be passed upon by the United States Supreme Court. Attorney General Jones of Arizona yesterday filed a brief, in which he contends that the very existence and preservation of the nation demanded that only American citizens be employed in the copper mines of Arizona. He referred to the use of copper as a war material.

The Arizona law makes it a crime for an employer of more than five workmen to employ less than 80 per cent qualified electors or native-born citizens. The case will be heard by the court next month, and because of international complications involved promises to be one of the most important to be decided during the coming year. A lower court held it unconstitutional.

ALLEGES AN ATTEMPT TO 'FRAME' MAYOR BELL

Statement by Attorney for Defense in Indianapolis Trial for Election Conspiracy.

INDIANAPOLIS, September 14.—The taking of testimony of Mayor Joseph E. Bell, charged with election conspiracy, was to begin this afternoon, M. A. Ryan having completed the opening statement for the defense shortly before noon.

Mr. Ryan before closing paid a tribute to the personal life of Mayor Bell and denied that either Bell or Thomas Taggart had collected or solicited campaign funds. Prosecutor A. J. Rucker had charged that Bell "blackmailed saloonkeepers and gamblers" to obtain funds for the campaign and Taggart had collected \$1,000 from brewers.

Defense Springs Surprise.

A surprise was sprung by the defense, when Ryan charged that Rucker had met Mike Glenn, formerly a city detective, and one of the men indicted with Bell, in a park at midnight, and tried to frame a deal to send Joe Bell to the penitentiary.

"Rucker," continued the defense attorney, "told Glenn he did not want to get the little ones, but was after Bell and Taggart, the higher-ups. He promised Glenn immunity if he would plead guilty."

Wanted Him as an "Exhibit."

"We want Pettit here," shouted Ryan. "Not that you, gentlemen of the jury, will believe a word he says, but as an exhibit of the class of witnesses of the state."

Juror Stanley M. Timberlake, who was ill all last Sunday, suffered another attack of heart trouble last night and a physician had to be called at 3 o'clock this morning. He was able, however, to resume his seat in the jury box when court convened.

The funeral was held in Paris yesterday of William Spagnum, the former Governor of Rhode Island and United States senator, who died Saturday. The body was taken to the mortuary chapel of the American church, where it will remain until forwarded to Rhode Island.

ALLEGED NEFARIOUS PLOT TO ROB AMERICAN PEOPLE

Resolutions Opposing Proposed Loan to England Adopted at German Day Celebration.

BALTIMORE, Md., September 14.—At the closing exercises last night of the fifteenth annual German day celebration at a suburban resort, a resolution denouncing England was read to more than 10,000 persons and unanimously adopted.

The gathering, which was under the auspices of the Independent Citizens' Union of Maryland, was addressed by Dr. C. J. Hexamer of Philadelphia, president of the National German-American Alliance, who introduced the resolution. Copies will be forwarded to President Wilson and Secretary of State Lansing.

The resolution declares in substance

that a "nefarious plot" is being formulated to rob the American people of their savings deposited in banks for the development of American industries, and to hand these funds over to England to enable her to continue the war "to control the commerce of the world for all time."

IS NOT IN THE RACE.

Senator Penrose Disclaims Aspirations to the Presidency.

PITTSBURGH, Pa., September 14.—"No, I am not a candidate for the high office of President of the United States," said United States Senator Boies Penrose in response to a question as to whether he had taken seriously the suggestion of Charles H. Dordlinger, glass manufacturer of Honesdale, Pa., that he become a candidate.

"My idea is that there is no republican in the United States who is or can be a candidate for that office at this time. The situation is one where the office must seek the man and where the party sentiment should dictate after the national convention has been organized, and not before."

BOYCOTT BY CHINESE OF JAPANESE LABOR

Wholesale Discharge of the Cooks and Waiters From Restaurants in Chicago.

CHICAGO, September 14.—Wholesale discharge of Japanese cooks and waiters from restaurants operated by Chi-

nese in Chicago was explained today as being part of a boycott proclaimed some time ago by Chinese on Japanese labor and products throughout the United States.

The boycott is the result of the demands made by Japan on China for the ceding of territory and other rights.

More than 500 Japanese waiters and cooks in Chinese restaurants have been summarily discharged. Chinese servants are refusing to work in hotels or homes where Japanese are employed, and Chinese merchants of Chicago have

pledged themselves, it was said, to purchase no merchandise from Japanese wholesalers or importers.

Moy Dung Jo, president of the Chinese Merchants' Association of Chicago, said that not a Japanese was working in a Chinese restaurant or store, and all Chinese merchants have stopped importing curios and chinaware from Japan.

Boy Banker Sentenced for Crime.

CHICAGO, September 14.—Jerome J. Smrz, the "boy banker" of the suburb of Argo, was sentenced to three months

in the house of correction by Judge Carpenter in the United States district court yesterday. Smrz, when nineteen years old, conducted the Industrial Savings Bank of Argo and the Argo post office. He was accused of misappropriating funds of the post office a year ago. He repaid the money.

City Auditor Charles O. Beaver of Chattanooga, Tenn., has gone before a conference of the city commission and openly confessed that he was short in his accounts \$2,500. He immediately tendered his resignation to the mayor and it was accepted.
